If your club is working or would like to work on a joint project with a Rotary Club in any of the OW countries and would like to host a specialized group, nominated by Rotary International from that region, let us know and we'll look at possibilities available through Open World.

NOTE that it does take several months to select candidates and nominate them in order to make up a specialized (niche-nominated) group; therefore it is important to begin working on this process as soon as possible.

Hosting dates for 2011 are not available yet. However, please feel free to select 2 or 3 months of your choice during which your district or a club would like to participate in the Open World Program 2011. As soon as we have more information on the hosting dates, we'll forward the schedule to you to select specific hosting dates.
