

Creating a Customizable Club Member Satisfaction Survey Using Google Forms

Most clubs find the short, highly-utilized, effective survey in the MAP Membership Success Center (MSC) to be quick and easy to create and deploy – literally a few mouse clicks. Other clubs are looking for something more customizable.

For users who have more advanced online application skills, Rotary International (RI) offers a longer, completely customizable survey based on Google Forms. You may eliminate some questions, replace some questions with those from the [MSC Survey](#) or add your own questions.

To use the RI survey, you'll need a Google Account. [Click here](#) for instructions:
